The City of Lathrop just announced the River Islands Connector to Route 150, ideal for commuters to the Bay Area.

This is a service from the San Joaquin Regional Transit District for folks in the area to get to the Dublin BART station on weekdays.

The new pilot program – RTD is partnering with the City of Lathrop on the River Islands Connector – is scheduled to begin on Monday (Jan. 29).

The RTD Connector is a bus that will go from the River Islands Technology Academy (Westerly Parking Lot), arriving at 5:25 a.m., enroute to the Harlan Road Save Mart Shopping Center (5:35 ETA). From there, the Route 150 bus, departing at 5:40, will travel to the Dublin BART station.

The evening return trip calls for arrival of Route 150 BART to Lathrop at about 6:45 p.m., Harlan Road / Save Mart, back to River Islands Technology Academy at about 6:55.

The RTD Route 150 bus service also includes stops in Tracy and Stockton.
